CINCO DE MAYO

GUACAMOLE RECIPE

3 avocados, ripe
1/2 small onion, finely diced
2 Roma tomatoes, diced
3 tablespoons finely chopped fresh cilantro
1 jalapeno pepper, seeds removed & finely diced
2 garlic cloves, minced
1 lime, juiced
1/2 teaspoon sea salt

Slice the avocados in half, remove the pit, and scoop into a mixing bowl. Mash the avocado with a fork and make it as chunky or smooth as you'd like. Add the remaining ingredients and stir together. Give it a taste test and add a pinch more salt or lime juice if needed.
Serve with tortilla chips!

So how do you pick good, ripe avocados?
First, grab avocados that still have the stem attached. If the stem has been removed in the store, it's more likely to have brown spots on the inside. Then, gently press on one end. It should be firm, but have a slight give to it.
